# SafetyLink Pole Access Kit

SafetyLinks Pole Access Kit is designed to create safe access to the top of poles for set ups and safety inspections. With continuous connection to an 8mm wire cable the vertical shuttle will track up and down unassisted by the climber. Should a fall take place the vertical shuttle will grab and arrest the climber safely.

## Kit includes:

- 1 x SafetyLink Vertical Shuttle.
- 2 x SafetyLink Steel Karabiners.
- 1 x Safety Lanyard.
- 1 x Top Anchor Bolt.
- 1 x Fitted 8mm Wire Cable.
- 1 x Bottom Anchor Mount.
